

Buckner

Elementary

Hi, my name is **Debra Gordon**. I have been involved with LINC Caring Communities for 14 years and have lived in Buckner for 18. I feel it is important to build partnerships with the school district, businesses and faith organizations, and the youth and the elderly. I look forward to continuing a strong site council and invite you to join us.

Debra Gordon

Buckner Caring Communities **(816) 650-7309**

The Buckner Caring Communities initiative will work directly with parents, families, neighbors, businesses and faith organizations to create strong, stable neighborhoods and families.

We will continue to meet the needs of children, families and the neighborhood by providing programs and services such as:

- Open library and Success by Six Resource Center
- Cup Stacking club
- MAP Smart program
- EJCCC (Eastern Jackson County Community Center)
- PAT Playgroup
- Family activities
- School based social worker
- Spring and Fall Book Fairs
- 4-H programs including Nutrition & Cooking Class and Sport Fishing

We invite parents, neighbors, faith institutions, businesses and others to participate in the Buckner Caring Communities Site Council—a place to share ideas and opportunities and make decisions to improve our school, neighborhood and community.

For more information about services and programs available please visit our web page at www.kclinc.org/buckner.
